3M Anti-Glare Protection Film applications

- Agriculture
- Heavy equipment
- Locomotive
- Mobile enterprise
- Medical
- Hospitality
- Construction

Over the lifetime of an electronic device, the cost to add a 3M display protection film to help prevent scratches and scuffs and improve viewability is just a few cents compared with the cost to repair or replace a damaged display.

Go to our website at www.3m.com/displayenhancement or contact 3M at **1-800-553-9215** to learn more about our protection films.

go anywhere. do more.

Enhance and protect your viewing experience.

3M™ Anti-Glare Protection Film uses advanced coating technology to provide durable protection and glare reduction for a clear image on electronic displays, especially in bright lighting conditions.

- Reduces annoying mirror-like reflections
- Exceptional, durable protection against scratches and scuffs
- Smooth touch-screen feel helps mask fingerprints
- High-quality matte surface
- Minimal impact on display image
- Minimizes washout

Typical Film Properties

Thickness	0.146mm
